

Cyclonic Filtration Technology®

VACUFLO® SYSTEMS ARE IDEAL FOR NEW OR EXISTING HOMES

A VACUFLO system can be installed in any home, regardless of its size or design. The resulting cleaning performance is efficient, powerful and proven. VACUFLO simply transports all vacuumed dirt and dust particles through a network of in-wall tubing directly to the power unit for cyclonic separation and elimination.

Installation of a VACUFLO system usually takes just one day, and no structural modifications are needed.

For maximum convenience and whole-house coverage, inlet valves are strategically placed throughout the home. To ensure the cleanest and quietest living space, the power unit is located in a remote area, typically the basement, garage, crawl space or utility room.

healthy choices for a healthier home

Model	Recommended Home Size (sq. feet)	Sealed Vacuum (H ₂ O lift)	CFM Max	Max Air Watts*	Volts	Max/ Avg Amps**	Collection Capacity (gallons)	Level of Quietness (decibels)***
TRUE CYCLONIC®								
260	up to 3,000	106"	110	371	120	12.6/10.5	5.5	70.1 dBA
4660 <i>Dual Motor</i>	up to 5,000	121"	114	477	120	14.9/11.6	6	59.7 dBA
5660 <i>Dual Motor</i>	up to 8,000	135"	118	535	120	15.6/12.0	6	60.7 dBA

FC1550 <i>DUAL MOTOR</i>	up to 18,000	128"	228	1010	240	13.4/11.6	6	66.0 dBA

* ASTM recognizes air watts as air power and is defined as "above the floor cleaning potential."
 ** Maximum amps refer to the potential amount of current if the power unit is running in a stand-alone situation (no tubing or accessories attached). Average amps refer to the actual amount of current used when the power unit is in typical operation (installed, with accessories attached).
 *** ASTM draft F11.50.07 test method was used to determine dBA ratings. Sound levels were measured at 6' from the power unit. All power units were exhausted outdoors.

SOME THINGS YOU DO FOR YOUR

family

CLEAN AIR
clean home

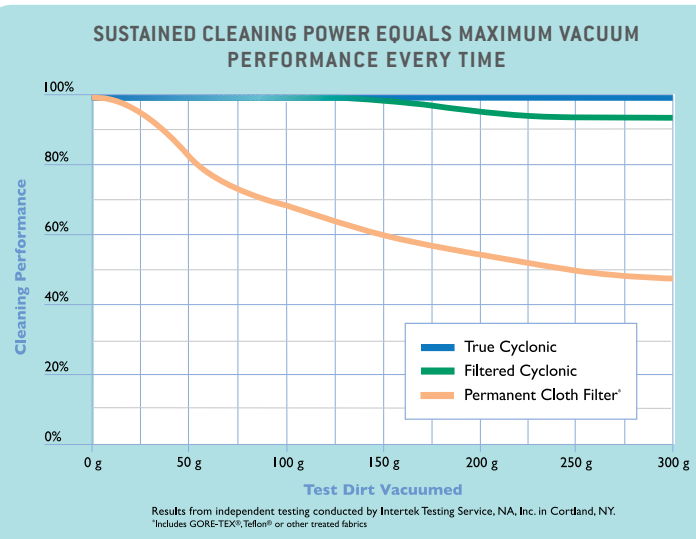

The Cyclonic Difference

VACUFLO® features Cyclonic Filtration Technology® (CFT™), a unique dual filtration process that utilizes cyclonic separation for primary filtration and either an outdoor exhaust (True Cyclonic® units) or pleated filter (Filtered Cyclonic™ units) for secondary filtration.

Unlike central vacuum systems that rely on permanent cloth filters, the powerful performance of VACUFLO will not decrease as dirt accumulates.

If you're serious about eliminating dirt and allergens from your home, there's only one choice: VACUFLO.

LIKE KEEPING YOUR HOME
clean, quiet & healthy

You probably take the quality of the air inside your home for granted. You assume it's safe, clean and breathable. But the fact is, indoor air can be more polluted than outdoor air.

There are several reasons. Today's homes are sealed more tightly, locking in allergens like pet hair and dander. Synthetic building materials and furnishings can release chemicals and fumes. Household products are formulated with chemicals that can be harmful. Even clean homes can collect as much as 40 pounds of dust per year.

Since most of us spend 90% of our time indoors, poor indoor air quality can affect health, safety and comfort, especially in children and the elderly. According to the U.S. EPA, indoor air pollution is America's most serious environmental health problem. The American College of Allergists also reports that 50% of all illnesses are caused by, or aggravated by, polluted indoor air.

You want to do the best for your family. So what is the best way to ensure a clean living environment?

VACUFLO® Built-in Central Vacuum Systems™ eliminate 100% of vacuumed dirt, dust and allergens for cleaner air and a healthier home.

Most portable vacuum cleaners can leave behind odors and dust particles you can see. These particles and allergens are spread around your home and recirculated into the air you breathe.

The cyclonic power of VACUFLO eliminates odors and dust particles for a cleaner, healthier home.

Full-Service Warranty

VACUFLO's Limited Lifetime Warranty covers all permanently installed components of your whole-house cleaning system for as long as you live in your home. The labor warranty offers additional protection, covering the cost of service calls made by your local VACUFLO Service Professional. True Cyclonic® +3 labor warranty covers service for the first three years of ownership, while the +1 Filtered Cyclonic™ warranty covers labor for the first year.

Our unmatched warranty is our commitment to you—our promise to deliver a whole-house cleaning system designed to deliver reliable performance year after year.

PUT IT ALL TOGETHER FOR
whole-house cleaning convenience

The Right Central Vacuum System for All Your Cleaning Needs

VACUFLO's cyclonic vacuum units deliver powerful sustained cleaning performance, regardless of the size of home. VACUFLO's exclusive Cyclonic Filtration Technology® (CFT™) ensures you are cleaning with maximum vacuum performance every time you turn on the system.

Turbine Powerhead Choices to Suit Your Style

Our unique turbine-powered carpet brushes, the TurboCat™ and TurboCat Zoom, deliver reliable, deep-cleaning vacuum performance for carpeted areas and rugs. Turbine powerheads carry a three-year warranty.

TurboCat Zoom—It's NOT Your Mother's Vacuum

TurboCat Zoom with Z-Tech Design offers features that enhance cleaning performance and quiet operation, including the Vac-n-Groom Brush Roller, expanded Air Intake, Multi-Port Base Plate, Run Silent Bearings, Silent Drive Belt, Pro-Tech Bumper and Easy-Glide Front Rollers.

TurboCat

The original TurboCat features edge-to-edge cleaning and a low profile for easy maneuvering under furniture.

RugRat®

Designed with the same turbine-powered technology, the RugRat handheld brush cleans upholstery, stairs and auto interiors.

Versatile Cleaning Accessories & Kits for Every Job in the House

White Glove™ CleanTeam™ Kit

E-Class CleanTeam™ Deluxe Kit

TurboTeam™ Deluxe Cleaning Kit

Garage and Car Care Kit

Upholstery Tool

Dusting Brush

VacPan™

VACUFLO's cleaning accessories are designed to help you tackle big jobs with ease. From floor to ceiling, the garage to the family room, VACUFLO accessories deliver both convenience and powerful performance for hard surface flooring, rugs, walls, ceilings, draperies, upholstery and much more.

Electric Powerheads

Electric powerheads like the Prestige and Electroglide® provide reliable cleaning performance. Quick connections for wands and electrical cords, manual carpet height adjustment and easy maneuverability provide versatility and convenience. Electric powerheads carry a one-year manufacturer's warranty.
